

CLAIMS:

1. A hair care product comprising:

(a) from about 0.05% to about 10%, by weight, of a hair shine agent consisting essentially of a mixture of:

5 (i) a nonvolatile polysiloxane fluid having a refractive index of at least 1.46; and

(ii) a nonvolatile spreading agent for said polysiloxane fluid intermixed with said polysiloxane fluid, and

(b) from about 10% to about 50%, by weight, ethanol; and

10 (c) from about 30% to about 89.9%, by weight, water;

wherein when said product is a spray product, said product produces a spray having at least 40% of spray droplets have particle size of at least 100 microns, and said hair care product excluding products which provide the composition in the form of a mousse when dispensed for use.

15

2. A hair care product as in Claim 1, wherein said ~~composition~~ comprises:

(a) from about 0.05% to about 10%, by weight, of said hair shine agent;

(b) from about 10% to about 50%, by weight, of said ethanol;

(c) from about 30% to about 89.8%, by weight, of said water; and

20 (d) from about 0.1% to about 10%, by weight, of a scalp conditioning agent.

3. A hair care product as in Claim 1 ~~or 2~~, wherein said hair shine agent contains a sufficient amount of said spreading agent to reduce the Surface Tension of the polysiloxane fluid by at least about 5%, preferably by at least about 20%, more preferably ~~by at least about 25%.~~

25

4. A hair care product as in ~~any of the preceding claims~~, wherein said nonvolatile polysiloxane fluid has a refractive index of at least 1.48, preferably at least 1.52, more preferably at least 1.55.

30

5. A hair care product as in ~~any of the preceding claims~~, wherein said spreading agent is a silicone resin, preferably an MQ resin.

claim 1
6. A hair care product as in ~~any of the preceding claims~~, wherein said nonvolatile polysiloxane fluid has a degree of aryl substitution of at least 20%, ~~preferably at least 35%, more preferably at least 50%.~~

5

claim 1
7. A hair care product according to ~~any of the preceding claims~~, wherein said ~~composition~~ *hair care product* comprises from about 15% to about 40%, by weight, ethanol.

claim 1
8. A hair care product as in Claim 12 wherein said ~~composition~~ *hair care product* comprises from about 18% to about 35%, ~~preferably from about 20% to about 30%~~, by weight, ethanol.

claim 1
9. A hair care product as in ~~any of the preceding claims~~ comprising from about 0.1% to about 5%, ~~preferably from about 0.2% to about 2%~~, by weight, of said hair shine agent.

claim 1
10. A hair care product as in ~~any of Claims 2-9~~, wherein said scalp conditioning agent is selected from the group consisting of emollients and humectants, and combinations thereof.

claim 1
10. A hair care product as in ~~any of the preceding claims~~, further comprising a package for containing and dispensing said composition.

claim 1
11. A hair care product as in ~~any of the preceding claims~~ wherein said product is a leave-on product.

claim 1
12. A hair care product as in Claim ~~10 or 11~~, further comprising instructions to use the ~~composition~~ *hair care product* by applying the composition to the hair and ~~allowing the composition to dry~~ without requiring rinsing the hair subsequent to application.

claim 1
13. A hair care product as in Claim 12 wherein said instruction provide for allowing the hair to dry without rinsing.

Cham's

14. A hair care product as in ~~any of the preceding claims~~ wherein when said product is a spray product, said product produces a spray with at least 50% of spray droplets, ~~preferably at least 70%, more preferably at least 80%~~, having particle size of at least 100 microns.

5

15.. A method for providing shine to the hair and refreshment to the scalp comprising applying the ~~composition from the hair care product of any of Claims 1 - 14~~ ^{claim} to the hair and scalp.

10 16. A method as in Claim 15, wherein said composition is worked throughout the hair
✓ and to the scalp with the hands or a hair care implement.

17. A method as in Claim ~~15~~ ¹⁶, wherein said composition is applied to the hair, and said composition ~~is then allowed to remain~~ ^{remains} on the hair to dry without rinsing.
